“I was told two years ago to step back for three years

I will not bow Down to YAZEED

London, 29.05.2025, 22:00 Time

USPA NEWS - “I was told two years ago to step back for three years and let the current system run, but I will not remain silent for three years,, even not for three minutes, at the behest of some Yazid.”

I am also being pressured to accept the Twenty-sixth Amendment, but my struggle is for the rule of law, and the Twenty-sixth Constitutional Amendment is precisely against that.

I am being asked to apologize for May 9, but the apology should be given to those who stole CCTV footage, violated the honor of women, destroyed the sanctity of people's homes, imprisoned thousands of political workers and martyred innocent people. If the May 9 cases were heard on their merits for even an hour, these baseless cases would be immediately ended, but the tragedy is that justice here, let alone justice, does not even seem to be happening.

Nations are never destroyed by oppression, but are instead rebuilt. The Prophet Muhammad (peace be upon him) went through the most difficult time for 13 years, but he remained steadfast and eventually emerged victorious. Therefore, we all have to follow in his footsteps and fight as a nation until the end.

When every door to justice is closed, then there is no other option but peaceful protest. I send a message to the entire nation, including the PTI, to be ready for nationwide protests.

The law is completely suspended in Pakistan. Even women’s dignity is not protected here. My wife Bushra Begum has been in solitary confinement for 14 months on the charge of facilitating, although she has not been found guilty. Dr. Yasmin Rashid is a cancer survivor and an elderly woman, but she has also been shamelessly imprisoned in fake cases. My sisters, who are between 65 and 70 years old, come to visit me in jail on the orders of the High Court, which is their and my fundamental right, but a colonel stops them and the court order is thrown into the trash.

It is the law of the jungle that my sisters are arrested here and taken to a chakri in the middle of the night and left helpless. In a country where such treatment is given to its own women, the moral standards of that country have died. Maryam Nawaz had 5 flats in London, but her bail was granted within two months because the Sharif family agreed to the deal. All cases of those who bow down to Pharaohism are forgiven, but those who stand for the truth are found guilty even without guilt.

No investment has come from abroad in two years because the world knows that the law here is at the tip of a colonel's shoe. It should be remembered that without investment, neither economic stability comes to the country nor can the economy develop. As long as court orders depend on the signals of a colonel, the atmosphere of confidence for investors will remain absent.

The entire nation is looking to the judiciary for justice. But the judiciary has been paralyzed by the Twenty-sixth Constitutional Amendment.
There are two reasons behind this amendment:
One is to protect the rigged elections, and the other is to keep the leadership and workers of the PTI, including me, in jail and violate basic human rights without fear of accountability.

The Twenty-sixth Constitutional Amendment has two direct consequences:

1: One is that the judiciary, contrary to its constitutional and traditional role, has completely surrendered to the administration. The Supreme Court’s decision regarding military courts is in conflict with Article 175 (3) of the Constitution, which states that the judiciary is separate from the administration, but here, without amending this article, all the powers of the judiciary have been entrusted to the executive. Along with the military courts, an attempt is being made to snatch these seats from the PTI by forming benches on specific seats. The vote has gone to the PTI, but an attempt is being made to give these seats to other parties, contrary to the Constitution.

2: Secondly, the judiciary has become so paralyzed that the higher judiciary and judges cannot file cases of their own accord. As a result, I am also not getting justice from the courts. Sometimes the bench is not complete for my cases, sometimes there is no hearing. My cases are deliberately kept pending. My basic human rights are also suspended. According to the jail manual,

I am not being given the rights that an ordinary prisoner is entitled to. My children are not allowed to talk to me, my one scheduled meeting with my wife in a week is also stopped and even my books are stopped. All this is being done only to make me break down.
Earlier fascism was going on in Pakistan through Qazi Faez Isa and now through the twenty-sixth amendment, oppression is being protected. If the judiciary does not stand on the right side of history today, then their name will also be written along with Justice Munir and Qazi Faez Isa who will always remain criminals in history.

On my behalf, Salman Akram Raja, write a letter to both the Chief Justices of the Supreme Court and the High Court judges regarding the violations of fundamental human rights, mistreatment of women, violation of the 26th Amendment and the law like continuous contempt of court by people of the rank of Colonel. The burden is on the shoulders of the judges to establish a system of justice and stand on the right side of history.

The Sharif family is used to taking NRO. They took NRO twice before and now they are imposing themselves on the nation by stealing elections. Such people can never take this country forward, even if they create SIFC or try any other trick. The nation only goes forward when it is free and the rulers are morally strong.

All people should actively participate in the Sambrial election. Give your only power against this system of oppression, that is, through your vote. They must have made a complete plan to steal the election, but you people should be alert - leave the polling station with Form 45 and remain in the RO office until you get Form 47 - a wall has to be built in front of the rigging so that this government can be given an idea of ??its popularity.

I have directed that Alia Hamza and the presidents of the four regions should be included in the committee formed to organize the party in Punjab. Instead of appointing a convener for the committee, everyone should work together at the same level.

The war is always with outsiders. My message to all parties and social media is that do not make your own people the target of your criticism, it damages our narrative. We should focus all our attention against the fascist forces so that this dark night can end as soon as possible.

"I have a special message for the PTI that no one in the party should be afraid of making sacrifices. If hundreds of workers and the leadership, including me, are not afraid of jails, then you people should not be afraid either. The party officials will have to decide whether they are ready to step down from their responsibilities or not. Now the office bearers who are not active will be dismissed. We all have to make our share of sacrifices to remove the shadow of darkness from this country."
